

FIRST SUPPLY BILL REPORTED

PLANNED INDUSTRIAL PRODUCTION IDEA OF PRESIDENT DEcriED

HEAD OF GENERAL MOTORS SAYS HE DOES NOT BELIEVE IT IS PRACTICABLE

WASHINGTON, Jan. 6. (AP)—President Roosevelt's suggestion for planned industrial production based on consumer demand estimated months in advance got a cold reception today from the head of one of the nation's biggest corporations.

The proposal was put directly to President William Knudsen of General Motors by Chairman B. V. D. of the general special unemployment committee.

Knudsen recalled his company had laid off 30,000 men January 1. He said this was necessitated by a drop in sales during November and December.

"I don't think there is a way in God's world to forecast a 50 per cent drop in business in three weeks, such as we had in December," he said.

Secretary Morgenthau said he found no indication additional relief appropriations would be necessary for the remainder of this fiscal year.

He emphasized, however, he and Harry L. Hopkins, relief administrator, were watching developments on a day to day basis.

Senator Vandenberg (R-Mich.), proposed an investigation of profit sharing by employers with employees.

Despite President Roosevelt's request for drastic curtailment of highway expenditures, Chairman Knudsen said he would not support the committee introduced a bill for a \$487,000,000 which, if it was enacted, probably would throw the proposed "biggest bill" out of balance.

Anti-Lynching Bill.

The senate began consideration of the anti-lynching bill with every evidence that southern senators would miss no opportunity to hamper proceedings as part of the strategy to try to talk the measure to death.

Before the chamber met Senator Connally (D-Tex.) issued a statement attacking the bill as an attempt to "prolong the agony of the public into the belief that it would 'prevent lynching,' which he asserted it would not do.

A group of house judiciary committee members prepared a letter to dispatch to Mr. Roosevelt asking him to appoint the committee chairman Hiram W. Sumners (D-Tex.) to Associate Justice Sutherland's vacant seat.

President Roosevelt's budget estimates for relief and farm benefits encountered congressional opposition today despite favorable democratic reaction to his message as a whole.

Several influential senators, not ready to be quoted by name, also said they would oppose the president's request for power to veto individual items in appropriation bills. They characterized it as an attempt to "prolong the agony of the public into the belief that it would 'prevent lynching,' which he asserted it would not do.

See CONGRESS, Page 2.

SOUTHERN SENATORS BAND TOGETHER FOR FIGHT AGAINST BILL

MAY AGAIN DEVELOP FILIBUSTER AGAINST ANTI-LYNCHING BILL

WASHINGTON, Jan. 6. (AP)—Southern senators banded together today for a prolonged fight against the anti-lynching bill in the hope it would be shelved to make way for President Roosevelt's legislative program.

They chose a westerner—Senator Borah (R-Idaho)—to lead the debate this afternoon against the measure.

Senator Connally (D-Tex.), leader of the opponents, said debate would last "at least a week or 10 days," but declined to forecast how much longer it might continue.

Republican Leader McNary, who favors the proposal, said he would continue talking until pressure for the administration's program became so strong that the anti-lynching measure would filibuster might prolong the congressional session considerably beyond its scheduled May adjournment.

Supporters of the bill expressed the hope any filibuster would fizzle quickly.

Senator Van Nuys (D-Ind.), co-author of the measure, said "if the gentlemen from the south—knowing that we have the votes to pass this bill any minute the roll is called—want to take the responsibility for delaying any economic or industrial program, they should do it."

In one form or another, the anti-lynching proposal has been debated in congress for 20 years. The senate measure would levy fines up to \$5,000 on sheriffs or judges who fail to protect victims.

Wins Bennett Girl

Russell Hughes (above), college band musician, is the new husband of Bennett, daughter of Harry Bennett, Ford Motor Co. personnel representative. They eloped from her home in Ypsilanti, Mich., and were married in Auburn, Ind.

GENERAL MOTORS PRESIDENT HOPES FOR CONFIDENCE

IF PEOPLE FEEL CONFIDENT OF FUTURE WORK STABILIZATION TO COME

WASHINGTON, Jan. 6. (AP)—President William S. Knudsen of General Motors, appearing before the general special unemployment committee, said today that he hoped for "immediate stabilization of work" was that "the people generally will feel a little more confident of the future."

"We need more assurance all the way down the line about this year and the year after," said the president of the corporation which laid off 30,000 men January 1 because of a sales decline during November and December.

Knudsen declared the decline was the severest in his company's history. He blamed it not on car prices but on a view held by the "average man" that "work is going to be slack."

"Even if he has the means," he said, "he believes it is only a temporary recession. I look for recovery and we are making our plans accordingly."

A sharp drop in sales occurred during the latter part of November Knudsen said, but the company then hoped the low point had been reached and that its employees could be kept at work.

He said the corporation suffered a loss of \$1,000,000 in the last three months.

Texans Had More Money on Deposit Than Year Ago

By The Associated Press.

Texans had more money in the bank at the year end than they did Dec. 31, 1936.

Responses to State and National Bank calls, issued yesterday, showed that banks in the larger Texas cities had aggregate deposits generally in excess of those 12 months ago.

Corpus Christi's \$17,617,438 in deposits, heaviest in the city's history, represented a gain of more than three million dollars in 1937. Wichita Falls deposits, the highest since 1929, showed a gain of two millions.

San Antonio's total jumped almost \$40,000,000. Houston and Dallas deposits, however, showed slight declines which were not considered alarming. San Angelo and Abilene were among cities reporting increases.

HOUSE JUDICIARY COMMITTEE SUGGESTS SUMNERS FOR BENCH

SENATORS WANT FULL AND COMPLETE HEARING ON COURT NOMINEES

WASHINGTON, Jan. 6. (AP)—The house judiciary committee suggested today to President Roosevelt today that he choose Representative Sumners (D-Tex.) chairman of the committee, to succeed Associate Justice George Sutherland who decided yesterday to retire January 18.

The members, in the absence of Sumners, prepared a letter to be sent to the white house, it said in part:

"With unbounded confidence in Judge Sumners, we wholeheartedly commend him to your favorable consideration and certify our conviction that your appointment of him would redound to the lasting honor of your administration, and of the supreme bench."

WASHINGTON, Jan. 6. (AP)—Senators commenting on the retirement from the supreme court of Justice George Sutherland emphasized two points today:

That President Roosevelt's nominee to fill the vacancy will be subjected to careful senatorial scrutiny.

That prospect of a definite "liberal" majority on the court shoved into the background point of his reviving the President's judiciary reorganization bill.

Senator Bridges (R-NH) already has proposed that senate hearings be required on supreme court nominations, and was expected to seek approval of such a rule before a nomination is submitted.

Senator Copeland (D-NY), who first asserted Justice Hugo L. Black had been a Ku-Klux Klansman, said any nominee would be "closely scrutinized."

Speculation over a successor to the 75-year old Justice Sutherland who asked to step down from the bench Jan. 18 because of his age, found most senators in agreement that a "liberal" majority would be proposed. Four present justices—Brandies, Stone, Cardozo and Black—have been so classified by Administration officials.

See SUPREME COURT, Page 2.

Additional CCC Camps In West Is General Demand

WASHINGTON, Jan. 6. (AP)—Interior and agriculture department insiders in expansion of civilian conservation corps camps to complete projects in western states, despite proposed curtailment of the CCC program during the next fiscal year, was disclosed today.

Director Robert Fechner of the CCC told a house appropriations subcommittee the two departments "have some projects they think are of sufficiently high priority to justify establishment of about 20 new CCC camps, although the general program for 1938-39 calls for reducing the existing camps from about 1,500 to 1,200.

Fechner said the interior department, particularly, was anxious to establish new camps to co-operate with the grazing division in its range rehabilitation program on the 160,000,000-acre public domain in ten western states.

Almost immediately the respondent filed with the Detroit office of the board notice that it did not intend to comply with numerous provisions of the board's decision, including an order to rehire 28 persons allegedly dismissed for union activity.

The company in its latest pleadings stated its position as follows:

"It is the intention of the respondent to obey in the future, as it has in the past, the provisions of the national labor relations act upon which the decision and order purport to be based."

The company contended it had not violated the act, that most of the charges made against it were "false assumptions."

If you say, for instance, "government," "probably," "possibly," and "old-fashioned" for "city."

Dr. Joseph Vandenberg, chairman of the board of examiners of school teachers, declared in a report today:

"The real difficulty in most cases of unsatisfactory speech lies in the stamp of approval the person himself has given to his own speech with no other authority than that of his own dulled ear."

People make "the comforting false assumption," he said, "that because one's speech is not criticized, it must necessarily be above criticism."

New Yorkers have distorted old "Yorlense" into "New Yorkese" to the point of "moneys," he said.

He listed as speech sin No. 1 the substitution of one consonant for another—"dese," "dem," "dose," "fifts."

See LABOR BOARD, Page 7.

HOLDUP MURDER BLAMED TO GIRLS

Mrs. Ethel Strouse Sohl (right), 20, and Genevieve Owens (left), 17, have confessed shooting a Newark, N. J. bus driver whom he resisted a robbery attempt, Detective Capt. Joseph Coccozza announced. The loot was \$2.10.

BALANCING OF BUDGET CINCH WHEN YOU GO AT IT IN RIGHT WAY; BIG BUT NOT BEST SELLER

By EDDY GILMORE

WASHINGTON, Jan. 6. (AP)—Balancing the new budget is a cinch—you open it at page 454, pound it a couple of times to break down resistance and there you are.

It's a wonder somebody hasn't thought of it before.

The task is much easier this year, for the budget—or Uncle Sam's cold reckoning of how much it's going to cost to keep himself for the 12 months beginning July 1—has an even number of pages.

It hasn't been so lately. Last year's counted 835 pages; the year before, 859, and the year before that, 871.

Physically, the budget of the United States is one of the oldest and biggest documents printed in the English language. But it's no best seller. A pamphlet on "Diseases of the Horse" is in greater demand.

For attention to detail, however, the budget is in a class by itself. Consider these items:

The estimated cost of shoeing five horses at the Washington zoo.

Graduation of barbaries and penny-pinch and peach masques. Suppression of liquor traffic among the Indians.

The cost of laundry at the White House.

Preservation of the birthplace of Abraham Lincoln.

One of the strangest entries comes under the supreme court branch—"transportation of things."

For the present year President Roosevelt estimated it would cost \$50 to transport things up there. He didn't allow any money for next year.

See LABOR BOARD, Page 7.

LABOR BOARD AND FORD DISPUTE NOW HEADED FOR COURTS

FORD'S PETITION FOR REHEARING ON CHARGES DENIED BY BOARD

DETROIT, Jan. 6. (AP)—The decision of the national labor relations board that the Ford Motor Co. violated the Wagner act was headed toward the United States court of appeals today.

Preliminary skirmishing ended yesterday when the NLRB denied the Ford petition for a rehearing.

Almost immediately the respondent filed with the Detroit office of the board notice that it did not intend to comply with numerous provisions of the board's decision, including an order to rehire 28 persons allegedly dismissed for union activity.

The company in its latest pleadings stated its position as follows:

"It is the intention of the respondent to obey in the future, as it has in the past, the provisions of the national labor relations act upon which the decision and order purport to be based."

The company contended it had not violated the act, that most of the charges made against it were "false assumptions."

If you say, for instance, "government," "probably," "possibly," and "old-fashioned" for "city."

Dr. Joseph Vandenberg, chairman of the board of examiners of school teachers, declared in a report today:

"The real difficulty in most cases of unsatisfactory speech lies in the stamp of approval the person himself has given to his own speech with no other authority than that of his own dulled ear."

People make "the comforting false assumption," he said, "that because one's speech is not criticized, it must necessarily be above criticism."

New Yorkers have distorted old "Yorlense" into "New Yorkese" to the point of "moneys," he said.

He listed as speech sin No. 1 the substitution of one consonant for another—"dese," "dem," "dose," "fifts."

FUNERAL SERVICES SCHEDULED FRIDAY FOR INSURANCE MAN

D. N. RICE, RESIDENT OF CORSICANA FIFTY YEARS, DIED HERE WEDNESDAY

D. N. Rice, aged 81 years, one of Corsicana's oldest business men, died at the family home, 419 West Sixth avenue, Wednesday afternoon after a several weeks illness. Funeral services will be held from the family home Friday morning at 10 o'clock with interment in Oakwood cemetery. The rites will be conducted by Rev. W. R. Hull, pastor of the First Presbyterian church.

Mr. Rice had experienced a varied business career. For about 25 years he had been actively engaged in the insurance business, but prior to that time worked in the Corsicana National Bank, was a traveling salesman and was employed in the postoffice and in the business.

He had been ill since November.

Mr. Rice's relatives were prominent in the ministerial circles of the Presbyterian church for several generations. His father was the late Dr. John Holt Rice, a Presbyterian minister. A great uncle, Dr. Archibald Alexander, was one of the founders of Princeton Theological Seminary, and another great uncle, Dr. John Holt Rice, was the founder of Union Theological Seminary. He also was a brother of John H. Rice, distinguished lawyer and judge here many years ago.

Survived by Wife.

Survived by wife, three sisters, Misses Porter, Fannie, and Lacy Rice, all of Corsicana; two nieces, Mrs. Joe Clark of Fort Worth and Miss Margaret Lee of Corsicana, both of whom were reared by Mr. and Mrs. Rice, and other relatives.

Mr. Rice was born June 8, 1856, in Louisville, Ky. His father was an ardent Southerner and

Social Security Claims May Reach 1,000 Per Day

WASHINGTON, Jan. 6. (AP)—The social security board has estimated for congress that the number of claims filed for old-age and death-benefit payments would increase from an average of 600 a day last November 30 to 1,000 a day at the end of this year.

In submitting data for use of a house appropriations subcommittee in drafting the independent offices supply bill, made public today, the board reported that through November 30, it had set up 36,000,000 employee records and expected to add 10,000,000 more in the next fiscal year.

A request for \$214,000,000 for grants to states for old-age assistance was based on an expectation, the board said, that 21 per cent of the estimated 8,180,000 people 65 years old or over will receive benefits in the fiscal year starting July 1. Last October 193 per cent were getting assistance.

Monthly payments also were shown to be on the increase from an average of \$17.50 during 1937 to an estimated \$21.50 for the 1938 fiscal year.

See LABOR BOARD, Page 7.

MASKED BANDIT'S KILL MESSENGER, OBTAIN \$25,000

NASHVILLE MAN LATER KILLED BY ONE OF THREE BANDITS AT STORE

GUTHRIE, Ky., Jan. 6. (AP)—Police kept a sharp vigil along the Kentucky-Tennessee border today for three masked bandits who fatally machine-gunned a negro postoffice messenger, wounded Police Chief C. M. Sherrod, and sped away with a mail bag containing \$25,000.

Followed by a bullet through the head as he reached for his pistol, the negro, Arthur Mims, died a few hours after the hold robbery late yesterday.

Sherrod, who in both legs, was recovering today.

The bandits completed their coup at the depot here shortly before the mail bag was to have been placed aboard a train for the Louisville Federal Reserve Bank.

The robbers swiftly selected the mail bag containing money, tossed it into their car, and dashed off, taking Assistant Postmaster Guy Askew with them.

They forced Askew from the car after speeding a half mile. L. T. Trubee, cashier of the Elkhorn Bank and Trust Company, said he saw the robbers.

New Senator

Rep. Lister Hill (above), of Alabama, was elected to the senate to fill the vacancy left by Justice Hugo Black. Hill defeated former Senator Tom Heflin.

BASIC EXPANSION OF UNITED STATES FLEET BE URGED

WILL BE IN ADDITION TO WORK STARTING AT ONCE ON GROUP OF SHIPS

WASHINGTON, Jan. 6. (AP)—Admiral William D. Leahy said today President Roosevelt's forthright message on naval policy was "apt to be" a call for basic expansion of the fleet—the fifth shipbuilding program undertaken since the world war.

This would be in addition to a call for funds to begin work immediately on one group of new warships, added Leahy, who was among naval officials discussing the message with Mr. Roosevelt yesterday.

This government's existing policy is embodied in the 1934 Vinson-Trammell act, authorizing construction to provide by 1942 a fleet of full strength permitted by treaties that now have lapsed.

Under this act one aircraft carrier, two battleships, 49 destroyers and 22 submarines have been built or are under construction.

As soon as the 1939 London treaty expired a year ago, Great Britain and Japan—which rank with the United States as the greatest sea powers—started to build warships beyond the treaty limits. This country, however, voluntarily remained bound by the old limits.

While decrying talk of a "naval race," naval officials now contend it is time for America to follow suit lest this country be hopelessly outstripped by Great Britain and overtaken by Japan. They have stressed the maxim that "a navy can not be improvised in time of need."

From Admiral Leahy came a hint the navy wants two more aircraft carriers and several light cruisers, and they can not be built unless congress alters the present statute.

The new construction proposed by President Roosevelt would be in addition to the two battleships and 20 smaller vessels provided for in the 1939 budget.

Japan Takes Notice.

TOKYO, Jan. 6. (AP)—Japan's navy is planning to build 100,000 tons of additional ships.

CHINA, JAPAN AND SPAIN MAKE PLANS FOR EXTENDED WAR

GENERAL CHIANG DIRECTS MOBILIZATION EIGHTY NEW DIVISIONS

By The Associated Press.

China, Japan and Spain made long range preparations for their respective wars today.

Generalissimo Chiang Kai-Shek directed a mobilization of men, money and munitions which by Spring was expected to put 80 full divisions in the field against Japan. Chinese officials insisted the government had enough money and arms for a long war.

The Japanese government planned new measures to control mining and newswriting and public speaking for the duration of the war with China.

Spanish government and insurgent forces extended their lines to the north of Teruel for a "decisive" battle before the gates of the strategic provincial capital.

Madrid shivered from a drastic war economy. Civil authorities in the northern republician capital were ordered to arrest persons violating restrictions on use of electricity.

Civil Governor Trigo Malrao said heavy household use of electricity impeded work in war industries. Enforcement of the decree would leave Madrid virtually without heat. Coal was available only for hospitals.

The insurgents' chief radio spokesman, Gen. Gonzago Queipo de Llano, admitted the insurgents were not in control of Teruel.

Military observers said that as Teruel goes so may the civil conflict, which is in its 18th month.

Foreign news reports from Hankow, principal seat of the central Chinese government, said Japanese planes had bombed the airbase and broadcasting station.

See INTERNATIONAL, Page 7.

APPROPRIATIONS OF ALMOST BILLION AND HALF RECOMMENDED

HOWEVER, BILL CARRIES SAVING OF OVER HUNDRED MILLION DOLLARS

WASHINGTON, Jan. 6. (AP)—The House Appropriations committee began an economy drive today by recommending appropriation of \$1,414,818,515 to finance more than 30 independent governmental agencies for the coming fiscal year—a saving of \$118,538,800 over the current year.

The measure, first of the regular annual supply bills, slashed \$3,732,900 off the budget bureau's estimates, most of the cut being borne by the Tennessee Valley authority.

Rejecting the authority's request for \$2,800,000 for construction of the \$12,000,000 flood control dam at Gilbertville, Ky., the committee allotted only \$285,000, for "project investigations" on this undertaking. The bill carries a total of \$37,087,000 for the TVA plus a \$4,000,000 contract authorization.

The bulk of the saving over this year's expenditures resulted from a \$123,000 cut in funds for the civilian conservation corps and reductions of \$37,914,500 for the veterans' administration, and \$23,845,077 for the railroad retirement board.

Increases of \$70,559,322 for the social security board; \$1,039,500 for the Interstate Commerce Commission; \$1,832,000 for the civil service retirement fund, and \$385,000 for the national labor relations board, offset the economies.

Criticism Publicity Expenses.

In reporting the bill to the house, the committee included sharply worded criticism of governmental publicity expenditures, the primary purpose of which, it said, "is to build up a public demand for the services of the agency issuing the publicity."

The drastic cut in the C. C. C. funds conformed directly to the budget bureau's recommendations which would eliminate 412 of 412 C. C. C. camps and reduction of enrollees from 315,000 to 250,000.

Final decision has not been made, the report said, as to what camps would be eliminated.

The committee denied a labor relations board request for \$20,000 to add 12 employees to its Washington staff, but approved an increase of \$142,238 for 31 additional field employees, described as necessary because of the impetus given the agency's work by the supreme court's validation of the Wagner act.

It includes \$30,000,000 for the veterans' administration won committee approval.

It includes \$4,500,000 for construction of additional hospital beds.

See SUPPLY BILL, Page 2.

Forty-two Navy Planes Be Sent Honolulu Base

SAN DIEGO, Calif., Jan. 6. (AP)—Forty-two navy patrol and bombing planes will be flown from San Diego to Hawaii this year to make the airforce at the crossroads of the Pacific the strongest in history. Fleet patrol wing officials revealed here today.

The transfer of the new fighting planes will be started Jan. 19 with the greatest long distance mass flight yet undertaken by the navy.

Eighteen of the aircraft, manned by more than 100 officers and men under Lieut. Commander S. B. Warner, will leave here on that date for Pearl Harbor, Honolulu, more than 2,500 miles away. Others will follow during the year.

See HONOLULU, Page 7.

TOKYO DECLARES CHINESE SHOWING SIGNS WANT PEACE

STATEMENT CAME AFTER CONFERENCE HIGH OFFICIALS ON WAR PLANS

TOKYO, Jan. 6.—(AP)—A Japanese government statement today declared the Chinese government "have come to show increasing confidence of their intention to sue for peace."

The statement was issued after a conference of the premier, war, navy and foreign ministers to discuss conduct of Japan's war against China.

It declared "it appears the Chinese government have been affected by the power of the Japanese forces and the united determined belief progress toward termination of the Japanese people."

Three Junior High Students Get Medals Citizenship Posters

The names of three junior high school students who were recently given medals for the best posters made on "citizenship" in a contest sponsored by the Corsicana Citizen club, were announced today by O. F. Allen, junior high school principal, a member of the club, and chairman of the poster committee.

The winners were J. R. Blumrosen, Marjorie Grantham and John Paul Robinson.

UNEMPLOYMENT

(Continued From Page One)

ferred a further severe decline in early December and it became necessary to adjust the working force.

"The drop in sales in so short a period is the most severe experienced in the history of General Motors," he added. "It was wholly unexpected and beyond our control."

SUPPLY BILL

(Continued From Page One)

Peak Has Been Passed.

The committee said the item for military and naval insurance amounting to \$10,000,000 represented a reduction of \$18,697,000 under this year's appropriation, adding "the peak loan under this legislation has now been passed."

Other items in the bill include \$419,910 for maintenance of the White House and grounds, a cut of about \$61,000; civil service commission \$7,501,000; federal power commission \$1,500,000; federal trade commission \$2,180,700; securities and exchange commission \$3,307,000; social security board \$329,800,000 and rural electrification administration \$31,652,000.

Seeks Additions to Veterans Hospitals

WASHINGTON, Jan. 6.—(AP)—The House appropriations committee recommended today expenditure of \$4,500,000 for additions to veterans' administration facilities.

Brigadier General Frank T. Hines, veterans' affairs administrator, told the committee he hoped to have under way eventually a facility expansion program estimated to cost \$8,000,000 each to the facilities at Waco, Tex., and Los Angeles for the addition of 184 beds at each institution.

Hines told the committee he had asked the budget bureau for \$5,000,000 to initiate the building program and for authority to incur contractual obligations totaling an additional \$6,222,000. The bureau, he said, recommended only \$4,500,000 and refused authority for the additional obligations.

He said in view of the reduced recommendation, priority of projects which the administration can launch must be determined later.

Sick and Convalescent.

Mrs. Jack McKinney and infant daughter were able to be removed from the P. and S. Hospital this morning.

Thomas Curtis, patient in the P. and S. Hospital the past several days, as a result of tooth infection, was taken home Thursday afternoon.

ETIQUETTE SPECIAL GUESTS FOR DINNER CREATE SIT-DOWN PROBLEMS

By JOAN DURHAM

AP Feature Service Writer

Sit-down problems have bothered even the most experienced hosts and hostesses.

Questions of where to seat guests of honor, husbands and wives, and unmarried men and women arise every time entertaining is done.

There are two good general rules, but they must be used with judgment, for often they will conflict. The rules are:

Let the woman sit at the right of her escort.

Don't seat husbands and wives together.

For Large Groups.

At dinners presided over by a host or master of ceremonies the following rules apply:

The woman of the highest honor is at the host's right.

The woman of next importance is at the host's left.

The woman who comes third sits at the right of the man of highest rank.

From then on, it is best to seat the guests in the fashion which will be most congenial to every one, but a tendency is to place the least important guests near the center.

At a large public banquet, important guests are, of course, placed at the center table.

The master of ceremonies is in the center, the first guest, at his right, the second at his left. His wife may be at the right of the first guest, and the first guest's wife on the left of the second guest.

At a dinner for four where one of the couples is unmarried, the hostess sits at the right of the couple, the other, leaving the wife at her husband's right and the woman guest at the right of her companion.

Husbands and Wives.

When there is no host, as in the case of a dinner given by a widow, the hostess sits at the head of the table. The man of highest rank or honor is at her right and the second at her left. The woman of honor may be at the right of the man of honor or opposite the hostess.

Husbands and wives may sit opposite each other—as at a dinner for four, where the woman guest sits at the right of the host, the hostess sits opposite her husband and the man guest is at her right.

At a dinner for four where one of the couples is unmarried, the hostess sits at the right of the couple, the other, leaving the wife at her husband's right and the woman guest at the right of her companion.

At a dinner for four where one of the couples is unmarried, the hostess sits at the right of the couple, the other, leaving the wife at her husband's right and the woman guest at the right of her companion.

ELECTION ORDERED FEBRUARY 1 BOND MONEY DISPOSAL CITY COMMISSION ALLOWS TEMPORARY PERMITS TO CITY BEER DEALERS

An election was ordered for February 1 at the regular meeting of the Corsicana City Commission Tuesday afternoon to determine whether or not \$24,000 in cash, proceeds from the sale of market house bonds issued in 1930, shall be diverted to use of the board of education for construction of additional classrooms for the Junior High school. The commission authorized the issuance of temporary permits to operate for one month to beer dealers in the city as a result of the recent beer election.

Mayor S. Murchison presided at the session Tuesday and Commissioners John P. Garitty, N. F. Garrett, J. Harry Burke and Edgar Rittersbacher answered questions. Minutes of the last session were read and approved.

A delegation of some twenty-five members of the board of education, school teachers and members of parent-teacher groups crowded the commission room at the beginning of the meeting.

W. F. McCammon, president of the board of education, acted as spokesman for the group, and presented a copy of the minutes of the special board meeting of Dec. 19, 1937, which outlined the steps taken to secure public approval of a proposal to divert \$24,000 in bond funds from the original purpose to school construction.

The board of education was instructed to present a resolution, unanimously adopted by the board, to the commission asking for an election on February 1 to determine whether or not voters of the city would consent to such diversion of funds for the express purpose of construction of new classrooms at the Junior High school.

Supplemental Petition Presented. Mrs. A. B. Horn, representing the parent-teacher associations, presented a supplemental petition with signatures of 864 residents of the city, making the same request of the commission. The petitions were ordered received and filed.

A petition was read by City Secretary J. P. Welch signed by some 25 residents of North Corsicana asking the city to build a supplemental pipeline from Lake Hubbard to the city water supply and insure them an adequate water supply at all times, and also to extend city water lines.

Mr. Wheelock, member of the board of education, and mayor of the city at the time the bond issue in question was presented to the voters, briefly discussed the early history of the issue and the reasons why the market place was never built. He pointed out that the money from the sale of the bonds with the exception of the \$24,000 in bond funds was now in the bank drawing no interest.

Mr. Wheelock also pointed out that the board of education had exhausted every resource in seeking funds for the erection of needed school rooms but had been unable to find the solution to their problem, and their last alternative was to call the city commission to call the election for the diversion of the bond funds.

Referring to the petition for an additional pipeline, he declared such action would be providing for a future emergency while the school board was confronted with a present emergency and actual need. He declared it was his opinion that the mayor and members of the city commission had no alternative in the calling of the election regardless of their own private opinions.

Mrs. H. Roberts declared that the need of additional classrooms was imperative and asked members of the commission whether they would prefer the building to be dedicated to service to future generations or to a memorial to some who should have been members of the next generation.

Lowry Martin asked what right the residents of North Corsicana, who had refused invitation to join the city of Corsicana had to be considered in the proposal.

Mrs. C. M. Gillespie stated that she had been a resident of North Corsicana and still owned and maintained a home there. She stated that the line serving this area was not constructed by the city of Corsicana, but by the citizens themselves and they had never received any reimbursement, and that they needed an adequate water supply.

Mayor Murchison stated that the additional water line was needed in the immediate future since it was becoming impossible in the summer months to maintain adequate protection for Corsicana, North Corsicana and for the State Home through a single main. He also pointed out the inability of serious inconvenience by a break in the present line and that arrangements had been made whereby the line could be constructed for the \$24,000 available. He stated that as far as North Corsicana and other adjacent areas were concerned the city commission preferred incorporation but this was impossible except by vote of the areas concerned.

Mr. McCammon then stated that he thought there was no need for further comment since the commission apparently understood the views of the board of education and also of the school patrons present, and also knew what was expected of them.

Mayor Murchison then presented Finance Commissioner Rittersbacher who stated that while the commission appreciated the stand of those present, they realized that they were supporting the claims and needs of the board of education, while the commission was elected to look out for the needs of the city as a whole and not for one single division. With that in mind, he asked permission to read a statement expressing the sentiments of the commission. The statement followed:

votes bonds in the amount of \$25,000 to build a market house. This bonds were sold but the market house was never built and the money was put in the bank. Since that time \$1,000 worth of these bonds have become due and have been paid off, so the city now has in the bank \$24,000.

"Sometime ago the board of education requested the city commission to call an election for the purpose of issuing more bonds in order to build a new Junior High school building. After looking into the matter it was found that the city, according to law, could not issue any more bonds for it already owed more money than the property valuation in the city justified.

"Mr. McCammon, president of the school board, then requested that the city turn over to the schools the \$24,000 which it had in the bank, and which was derived from the sale of the market house bonds. This could not be done at that time for the law stated that 'money derived from the sale of bonds must be used for the purpose for which the bonds were issued.' However, at the request of the school board, the state legislature during its recent session passed a law authorizing the city to use this money for any purpose that the voters of the city of Corsicana specified.

The school board is now appearing before the commission with a petition signed by a large number of taxpayers, asking that the election be called for the purpose of diverting this money to build a school building. The city commission has no objection to calling an election to determine how the money in question is to be disposed of, but it feels that it has a certain responsibility in connection with this disposal. This responsibility is to acquaint the voters with all the facts and the other requests that we have had for this money, so when the election is held they will be in position to intelligently determine how they want the money spent.

Need Auxiliary Line. "There are a great many taxpayers here who feel that the city is faced with a very serious situation in its water department and that the money should be spent to build a supplemental pipeline from Lake Hubbard to the city water supply. This group of taxpayers realize that the one water main that we now have is 18 years old and is rapidly reaching a point where it is in constant danger of breaking and can no longer carry the required pressure necessary to furnish an adequate supply of water to safeguard the city and its other customers which are outside of the city limits in case of a big fire during the hot summer months. They have advised the commission that should a big fire occur during the summer months and the city was unable to cope with it on account of an inadequate water supply, our losses would be so great that the State Fire Insurance Commission would raise the fire rate at least 15 per cent. This would mean an additional burden to the people of Corsicana of at least \$50,000 a year, in addition to the already high premium that they are paying. This additional amount will have to be paid every year until the situation was corrected. The only way to correct the situation would be then to build a new line. If the \$24,000 in question had in the meantime been used for another purpose, the way to get the money would be to issue bonds. This, of course, could not be done as the city already has a bigger bond in debt than the law allows. It is therefore quite obvious that the new line could not be built and that the city would still be without adequate fire protection and the people would have to continue to pay an additional \$50,000 a year in premiums for insurance.

"This same group of interested taxpayers also realize that the city is largely dependent on the revenue derived from the water department to finance the various departments of the city and that if the new water line is not soon built the city will be forced to cut off its out of the city customers, such as the Zion Rest community, the orphan home and others, and they be deprived of the conveniences of a modern water supply. They also realize that the city would be forced to curtail its activities in the police, fire, sanitary and other departments and the taxpayers would suffer from a curtailment of inadequate fire and police protection, which would again raise the insurance rates and seriously handicap the operations of the city.

"The total amount of money received by the city in 1937 from taxes which could be used to run the city was only \$34,000. It actually had to spend approximately \$85,000. The difference between the \$34,000 received and the \$85,000 spent, or \$51,000, came out of the earnings of the water department. Therefore, should anything happen to the water department which would deprive the city from this much needed revenue, the city would no longer be able to operate the various departments of the city in an efficient manner. The city would of necessity be forced to curtail its activities in the police, fire, sanitary and other departments and the taxpayers would suffer from a curtailment of inadequate fire and police protection, which would again raise the insurance rates and seriously handicap the operations of the city.

purpose. If the \$24,000 in question is used for any other purpose, the plan will have to be abandoned and the city will be faced with a very dangerous condition and the people of Corsicana will have to suffer the consequences.

"In view of the above, the city commission unanimously recommends that the plan which it has started whereby the water works can be put in a safe condition and on which much work and money have already been spent, be carried out and that the \$24,000 in question be voted to build a much needed main line from the city lake into the city of Corsicana."

J. S. Murchison, Edgar Rittersbacher, Harry Burke, N. F. Garrett, John P. Garitty.

Following the reading of the statement, Mrs. R. C. Love rose to state that it was evident from the statement that none of the members of the commission had any children in the Junior High school at the present time or they would not have held any such views.

Several members of the delegation present then brought up the hazardous condition of the old building used at present and recalled the tragedy of the New London disaster.

Ask First Opportunity. Mrs. Horn asked the commission to present the use of the bond fund money first for schools in the event an election was called.

Mr. McCammon then presented a telegram from W. P. Dumas, well-known bond attorney, stating the election should be called for diversion to one specific purpose only at one time.

Commissioner Garitty stated that he had signed the commission statement and was in accord with it, but that he was not willing for a New London disaster to be repeated in Corsicana and since the board of education had discovered a means of using the "frozen fund" when they had been unable to use them, he thought they should call the election to determine whether or not the funds should be used for school purposes.

The commissioner enlarged upon his statement by adding that the \$24,000 would build four or five school rooms if a "gymnasium or a swimming pool or an auditorium" was not added. Commissioner Burke seconded the motion.

A resolution ordering the election was then read by City Secretary J. P. Welch, setting out four voting places as follows: Ward One, W. R. McKee Lumber Company with W. F. Morris as presiding judge; Ward Two, Fire Station No. 2, with John R. Horton as presiding judge; Ward Three, at Courthouse with A. N. Justus as presiding judge; Ward Four, at the State Fire Insurance Commission with C. S. Wood as presiding judge and providing for opening of polls at 8 a. m. and closing at 6 p. m. and also providing for the posting and publication of the notices. The vote was unanimous on adoption of the resolution. Members of the special delegation then filed out of the commission room.

As members of the commission prepared to sign the various necessary papers, several errors were discovered. A motion to reconsider the motion adopting the resolution to continue the election as read was unanimously passed, and the commission then adopted the resolution as corrected.

Reports of Officers. Reports of officers for the month of December were read, approved, and ordered filed as follows: Sanitary engineer: Milk analyses 15, dairy inspections 12, water and sewage analyses 22, inspections 5, health certificates reported 23.

Recorder of the corporation court: Total of fines and costs of \$294 assessed in 64 cases, with one appealed.

Chief of police: Total fines and costs of \$294; collected \$282.50 worked \$6.50 appealed \$5.00. Receipts: City engineer \$25; water collector \$7,728.78; sanitary engineer \$212.75.

Tax collector: Total current collections \$34,491.70; miscellaneous occupations \$46.25; total delinquent \$1,995.57.

Fire chief: Alarms 20, insurance \$33,900, loss \$6,295.

Street and Sanitary Commissioner Burke reported affairs in his departments satisfactory, and that the new sewer extension project was slated to get under way Wednesday morning.

Affairs in the water and lights departments were reported satisfactory by Commissioner Garitty.

New Headlight Campaign. Reporting present affairs satisfactory, Commissioner Garitty stated the police department was preparing to launch a vigorous campaign against drivers of automobiles without tail-lights and only one headlight. He said the plan called for co-operation of the fire department and would consist of giving each motorist a tag whose lights failed to meet specifications of the state law which would give them 24 hours to make the needed repairs. If they reported to the fire department and were approved within 24 hours after they were given the tag they would not be fined; the tag would be reported for inspection they would be sought out and fined. Approval of the plan was given by the commission.

Commissioner Rittersbacher reported affairs in the park and cemetery department were satisfactory and presented the monthly bills for approval.

MEMBERS OF CAST IN ROSALIE

"Rosalie" which co-stars Nelson Eddy and Eleanor Powell and opens at the Palace theatre Saturday night at 11:30 and runs through Tuesday is described as the most lavish musical in the annals of motion pictures.

Twenty-five hundred persons appear in the Romanza number, alone, which was so large it at it took 10,000 amperes of electricity nightly to light the sixty-acre set where the spectacle was filmed.

Madame Albertina Rasch, after searching the entire country gathered together 500 of the best ballet dancers for the number, not to count

another 250 tap dancers and 125 acrobatic teams, which the dance director included.

With Miss Powell and Eddy are seen such favorites as Frank Morgan, Edna Mae Oliver, Ray Bolger, the new European singing sensation Dion Massey, Billy Gilbert, Reginald Owen and dozens of others.

The story concerns the love and adventures of a West Pointer who follows his girl to Europe only to discover she's a princess. A thrilling series of events bring them together again. The new musical was directed by W. S. Van Dyke II.

Administrative department \$534.42, sanitary department \$106.48, park department \$1.08, street light department \$246.46, fire department \$1,109.75, police department \$28.50, street fund \$55.00, water fund \$1,038.35, cemetery fund \$5.69.

Appointment of members of the plumber's board of examination was left the mayor and sanitary and water commissioners.

The bond of O. J. Skinner as watchman at Lake Hubbard was approved.

A resolution was approved by the commission setting a fee of \$2.50 for a temporary license for beer dealers in the city after the recent election had eliminated the annual license. The new licenses will be granted for a term of one month from Dec. 31.

The commission adjourned at 3:45 p. m.

Bank Deposits. Total bank deposits at the close of business December 31, 1937, amounted to \$6,182,890.73, as compared with \$5,955,200.53 at the close of business June 30, 1937, the time of previous call for bank statements.

This is an increase in total deposits of \$227,690.20.

Bing Crosby Has Fourth Son. HOLLYWOOD, Jan. 5.—(AP)—A fourth son was born today to Mrs. Bing Crosby, wife of the crooning film star. The event took place at Cedars of Lebanon hospital as Crosby paced the corridor in customary fashion of anxious fathers.

PIONEER TRINIDAD

PHYSICIAN DIED IN DALLAS HOSPITAL

TRINIDAD, Jan. 4.—Funeral services for Dr. L. W. Pulley, 62, Pioneer physician here, who died in a Dallas hospital Saturday night after a short illness, were held Monday afternoon at Manikin cemetery where interment was made.

A native of Freestone county, Dr. Pulley was educated at the State Medical school when it was located at Fort Worth. He came to Trinidad in 1901 where he practiced medicine and operated a drug store.

Dr. Pulley received a personal commendation from the late President Woodrow Wilson in 1917-18 when he did not lose a patient during the influenza epidemic.

Surviving are his wife, a son, L. W. Pulley, Jr., four brothers, and two sisters.

Former Corsicana Minister and Wife Married Fifty Years

Corsicana friends of the Rev. and Mrs. William J. King were interested in an item appearing in the Dallas News Tuesday morning announcing the former residents of this city were celebrating their fiftieth wedding anniversary at their home in Oak Cliff. Pictures of the couple taken about the time of their marriage were reproduced.

The Rev. and Mrs. King will hold open house Tuesday at their home at 102 South Winnetka from 7 to 9 p. m., and no cards have been issued. The minister was pastor of the Third Avenue Presbyterian Church of Corsicana when ill health forced his retirement. He had previously served as pastor at Harrisville and Cookeville, Tenn., while attending Cumberland University; later he served at Hopkinsville, Ky., Oxford, Miss., and Memphis, Tenn., before taking the local pastorate.

Rev. and Mrs. King have five children and six grand children. The children include Carey G. King, J. Isaac King, Miss Frances King, and Miss Margaret King, all of Dallas; and William J. R. "Buddy" King of Glade-water.

When HEADACHE Is Due To Constipation

Often one of the first-felt effects of constipation is a headache. Take dose or two of purely vegetable Black-Draught!

That's the sensible way—relieve the constipation. Enjoy the refreshing relief which thousands of people have reported from the use of Black-Draught. Sold in 25-cent packages.

BLACK-DRAUGHT A GOOD LAXATIVE

Appropriation Of \$48,000,000 For 1937 Sugar Act

WASHINGTON, Jan. 5.—(AP)—President Roosevelt recommended in his budget message today a \$48,000,000 appropriation of \$48,000,000 to carry out provisions of the 1937 sugar act. Including payment of benefits to growers, for the first full year of the measure's operation.

The 1938 appropriations, for administrative expenses only, was \$250,000.

For Justice of the Peace, Precinct 1, Place 1.

In another section of this newspaper will be found the formal announcement of A. E. Foster as a candidate for re-election (second term) to the office of Justice of the Peace, Precinct 1, Place 1.

Judge Foster is serving his first term and his friends believe that his conduct of the varied affairs of his office entitle him to re-election. He has collected more than \$1,900 during 1937 in fees, fines and costs while drawing \$1,891.25 in compensation.

If the voters of this precinct return him to office for a second term, Judge Foster's friends believe that the duties of the office will receive the same fair, courteous and efficient service as has characterized his tenure the past year.

Your support and influence in the approaching primaries is earnestly solicited. (Political Advertisement.)

Negroes Arrested By City Officers

Two negro boys were arrested by city officers Monday in connection with the theft and sale of about forty pounds of copper. They were later transferred to county authorities and the stolen material returned to its owner.

City officers reported a negro had been arrested in connection with the burglarizing of the Jackson high school several days ago and theft of a number of trophies. One of the trophies was recovered in Waco Monday and the remainder are reported to have been turned down and sold as junk. City officers said the negro held in the case had served time in the reformatory at Gatesville and also a term in the state penitentiary. He was transferred to county authorities.

JUSTICE McFADDEN FILED HIS ANNUAL REPORT WEDNESDAY

W. T. McFadden, justice of the peace, precinct 2, place 2, was the second officer to file his annual report for 1937 with Doyle Pevhouse, district clerk. The report was filed Wednesday.

Total receipts for the year amounted to \$2,057.10. Uncollected civil fees total \$21.10, leaving a net collected amount of \$2,036.00. Expenses, telephone, postage, etc., amounted to \$66.25, leaving a net balance retained by Judge McFadden of \$1,969.75.

Examining trials to the district court amounted to \$32.50. Miscellaneous cases (including examining trials to county court) amounted to \$1,748.80. Civil fees totaled \$161.30, with a net collection of \$140.20. Recording births and deaths amounted to \$99.50 for the year. Judge McFadden is the registrar for precinct 1 outside the City of Corsicana, the state bureau of vital statistics.

The total earnings of the office lacked \$84 amounting to the maximum allowed—\$2,100.

KILGORE WOMAN WAS BURIED WEDNESDAY HAMILTON CEMETERY

Funeral services for Mrs. J. W. Frazier, age 27, who died in Kilgore Tuesday morning were held from the North Corsicana Methodist church Wednesday afternoon at 2 o'clock, with interment in Hamilton cemetery. The rites were conducted by Rev. Fletcher, pastor of Bazette Baptist church.

Surviving are her husband, one son, Garland Frazier, of Kilgore; father and mother, Mr. and Mrs. T. S. Bates, of Bazette; five brothers, William, James, Tom, Earl, Dick Bates, of Emhouse; Jimmy Bates, Richard Bates and Henry Lee Bates, of Bazette; four sisters, Mrs. Nettie Pyle of Kilgore, Mrs. Thelma Greer of Emhouse, Mrs. Gertrude Moore of Emhouse and Josephine Bates of Bazette, and other relatives.

Bearers were W. H. Hubbard, E. L. Boyd, Ed. Rortis, Woodrow Greer, Ernest Green and John H. Dukeminier.

BROTHER CORSICANA MAN DIES DENISON; BURIAL ON FRIDAY

Lon McCarver, age 63 years, died at his home in Denison Thursday morning. Funeral services will be held from the Denison Baptist church at 2:30 o'clock.

Mr. McCarver had been a resident of Denison all of his life, and had worked in one drug store 42 years.

Surviving are his mother, Mrs. Maggie McCarver, who is 92 years of age; two brothers, E. D. McCarver, Corsicana; Will McCarver, Smithville; a sister, Mrs. Laura Stanford, Denison, and other relatives.

E. D. McCarver left for Denison Thursday afternoon and will remain for the funeral services Friday afternoon.

For County Commissioner Precinct No. 1

Having been solicited by various friends and taxpayers of this precinct, I have consented for them to announce me as a candidate for County Commissioner of Precinct One, Navarro County.

In consenting to the wishes of these friends and taxpayers, I propose to make the race upon my record as your commissioner, or heretofore, I propose to give this precinct a business-like administration—to economize when it is to the best interest of the taxpayers and to be liberal when the condition demands it.

Those acquainted with the duties of a county commissioner I believe realize, from a financial standpoint, that it is an office of much importance to the taxpayers and it will be my purpose to conduct the affairs of this office in just as efficient and honest manner as I would my own business and to every one who is interested in the economical administration of the county's affairs, I invite your counsel and support.

JACK MEGARTY.

Jean Everheart Was Hostess For Watch Party Young Folk

KERENS, Jan. 6.—(Sp.)—Miss Jean Everheart was hostess to a group of "teen agers" at her home Friday evening for a New Year's watch party. Games and "ouija" board furnished amusement and just before 12 the entire party went to the nearby Presbyterian church and rang out the old and rang in the new year.

About 10-15 refreshments of punch, sandwiches, fruit cake and candies were served to Misses Margaret Westbrook, Peggy Cowan, Mary Jane Daniel, Mary Nell Carpenter, Melba Jean McKinney, Johnnie Hemphill, Carolyn Hulan, and Miss Patricia Keen of Lubbock.

Kerens Personal Mention.
KERENS, Jan. 6.—(Sp.)—Mrs. Ford Ivey accompanied her son, Ford, Jr., to Waco Sunday where he goes to resume his studies in Baylor University.

Miss Lilla May Cheek returned to Belton Sunday afternoon to re-enter Baylor College for Women. Misses Katherine Ivey, Cecil and Lillian Ross, were Emhouse visitors Sunday.

Miss Mary Francis Weedin has returned to Hemphill to take up her work as teacher of public school music. Miss Katherine Ivey returned to Kingsville Monday morning where she is engaged in the same profession.

Charlie Banister of Corsicana was a Kerens visitor Tuesday.

Howell Brister, made a business trip to Overton Sunday.

Hugh Barlow, Jake Kyser, and George Austin were in Corsicana Monday.

Dorothy Hall of Kerens Entertained At Bridge Thursday

KERENS, Jan. 6.—(P)—Miss Dorothy Hall entertained with three tables of bridge, at her home in South Kerens Thursday afternoon. A red and yellow color scheme was carried out, red carnations, and yellow jasmine, making a colorful and lovely setting.

Mrs. Tom Keck of Trinidad, was high score winner while Mrs. William Bohn, captured the floating prize.

A salad plate, dainty and appetizing, was served with Mrs. C. J. Hall, mother of the hostess, and Mrs. J. M. Langford of Oklahoma City, Okla., grandmother, assisting.

Guests included Mrs. W. M. Bain, Mrs. R. P. Walker, Mrs. Cliff Coates, Mrs. James Taylor, Mrs. Jack Anderson, Mrs. H. W. Hoffer, Mrs. Grant Westbrook, Miss Fern Stevenson, Miss Mary Pearl McCluney, Mrs. Tom Keck, and Mrs. R. E. Logan of Paris.

Supper Club Entertained

KERENS, Jan. 6.—(Sp.)—Mr. and Mrs. R. D. Owen, Mr. and Mrs. C. J. Hall, and Mrs. Clyde Beck, entertained the Supper Club Tuesday evening in the home of the former.

White narcissi, japonica and yellow jasmine were lavishly used throughout the reception suite.

Guests, for the evening, enjoying this delightful occasion, were Mr. and Mrs. Hugh Barlow, Mr. and Mrs. Norton, Mr. and Mrs. Cleo Owen, Mr. and Mrs. Roland Mays, Mrs. Orris Simmons, Mrs. Edna Rowe, Mrs. Lela Daniel, John Beck and Mrs. J. M. Lanford of Oklahoma City, who was a pleasant out of town guest.

During the forty-two game, played after dinner, Roland Mays and Mrs. Cleo Owen, were found to have scored high.

Kerens Personal Mention.
KERENS, Jan. 6.—(Sp.)—Jack Lewis of Oklahoma City, was a week end guest in the C. J. Hall home.

Miss Dorothy Hall has returned to her work in the Junior College, of Oklahoma City, Okla., where she is instructor in the English department, after having spent the holidays with home-folks.

CORSICANA, TEX., JAN. 7, 1938

KILLING COUTUMERS

A Chinese leader in America, named Young Han Choo, says: "Japan wants the 400,000,000 customers represented by China, rather than the conquest of the country." Japanese spokesmen have said the same thing.

Then why kill off the customers? Chinese casualties in Shanghai alone are estimated at half a million. With the scope of the war apparently growing, there may be millions of Chinese killed or wounded and more millions deprived of buying power. Devastation on a vast scale accompanies the slaughter, and as a result the economic casualties—the people deprived of savings and earning power—may be greater than in any previous war. It is likely to be many years before China as a whole becomes as good a market for Japanese goods as it was before this invasion.

Japan may gain considerable benefit by looting China of raw materials—coal, iron and oil—but she will probably have less of the Chinese trade than she had before. Along with the destruction of buying power, there is now a national strike against Japanese goods which may last for a long time.

RUSSIA TO THE RESCUE

The Japanese, even while rejoicing over their Chinese conquests, are beginning to worry about Russia. They probably have good reason. And it is betraying no secret to add that the free nations of America and Europe look on that development with relief.

The democracies dislike Communism, but today they fear it less than Fascism. And if the Russian Bear can check, either by threat or action, the mounting menace and arrogance of the present government in Japan, most of us think it will be doing a service to civilization.

The world heard a broadcast from Moscow the other night, announcing completion of the new 1,800 mile railroad east of Lake Baikal, paralleling the Trans-Siberian Railway and ending at Khabarovsk, only 150 miles from the Pacific. There are now two dependable trunk lines through Siberia, carrying troops, munitions and supplies from European Russia. Powerful armies are said to be mobilized north of the Mongolian and Manchurian border and camped around Vladivostok, on the sea fronting Japan. Current reports from Moscow represent the new railroad as primarily commercial in purpose; but its immediate ends, at least, are military.

The Japanese themselves are said to have realized they might have to fight Russia, and to have placed their strongest forces and best equipment on their northern border.

Recent reports that Chinese Communists are exerting stronger influence in the Chinese government alarm Japan. Russia apparently is beginning to operate within China as well as beyond the border. The whole situation suggests that the Japanese are not "sitting so pretty" as they have imagined lately.

There's just one thing worse than quarrelling political parties. It's no parties to quarrel. You can see how that is in Germany, Italy and Russia.

That Sino-Jap case looks like a bad case of sinus trouble, but we hope it won't be necessary to operate.

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

EULOGY.

This we can state of him, none carried hate of him.
None ever left him with pain in his heart.
This can be said of him: none lived in dread of him.
He scoffed at nobody just to be smart.

None in vulgarity spoke in disparage.
Calling him names that we commonly hear.
Nobody jeered at him; nobody sneered at him.
No one was worse off for having him near.

Brave was the heart of him; kindness a part of him.
True to his faith and his fellow he stayed.
None could recall of him traits that were small of him.
None had been hurt by the blunders he made.

This we can tell of him, all men thought well of him.
Home goes his spirit now bearing no stain.
This we can say of him over the clay of him.
God will be proud to receive him again.

STALIN VOTES FOR STALIN

The Russian election, biggest ceremony of the kind in human history, seems to have been a great triumph for constitutional democracy—according to the Russian view. About ninety million newly enfranchised voters were free to go to the polls and vote for Stalin. They did so, indirectly but surely.

It was just a shade less absurd than the German and Italian elections, in which the voters have only one set of candidates and one "yes" ballot to cast. In the Russian affair there was no second party, any more than in the Fascist countries; and in every voting district there was a "slate" backed by the Communist Party, of which Comrade Stalin is the boss. In theory it was lawful to put rival tickets in the field, but in practice it wasn't done. In theory it was also lawful, under the Constitution, to write in other names than the official slate on any ticket; but few voters were so rash as to try it, and nobody knows what will happen to them.

So Stalin, unofficial Czar of Russia on a Communist platform, has re-elected Stalin.

And yet, something may come of it sooner or later. That new Constitution, on the face of it, doesn't look so bad. It gives the Russian people theoretical liberties they have never had before. Sooner or later they may decide to use those liberties, and may put life into their constitutional forms. It will be valuable to have that new Congress, with two houses, learning the procedure of representing the people and enacting laws. Eventually popular leadership may arise.

STYLE IN THE POOR-HOUSE

Charles Dickens would be interested in a reform that is taking place in his native land today. The British aged poor, those in public institutions, are being permitted a little vanity.

The annual report of the London County Council, which has them in charge, tells how the "shapeless, monotonous uniforms" in which women inmates have been clothed in the past have been discarded for frocks cut in up-to-date styles and made in a variety of attractive colors. The old bonnets, too, are replaced by "stylish hats of felt or straw in different colors." The traditional black shawl has given way to colored cardigans. There are some old ladies who still prefer the shawl, and retain it, but the innovation pleases most and will doubtless increase in popularity.

Similar efforts are being made to lessen the dreariness and increase the humanity in British prisons, domestic relations courts and other public institutions. The idea is already in operation in America, although there are still hard-boiled critics here that think the "worthy poor" should not be spoiled by coddling and the "unworthy poor" should be left to their self-caused miseries.

Some observers think the policies at Washington are sound, and others think they're sound and fury.

Out of Control?

THE WICKED MEADOW MOUSE

Six meadow mice in a year, says the very statistical department of rural education of Cornell University, destroy as much grass as a cow could eat in a day. "Therefore the mice cut down on the cow's food, its milk production and the dairy farmer's check."

It seems a horrible indictment against the "wee sleekit, cow'rin, tim'rous beastie." Robert Burns was moved to write a poem about the little creature, but agricultural authorities today grudge it its quota of grass.

There's no need to start a national drive against meadow mice, however. If farmers will let the owls and hawks alone—birds of prey that do much less damage to the farmers' poultry than men imagine—they will keep the field mouse population down to normal. Nature has a way of maintaining a decent balance if the experts don't interfere too much.

ALL-AMERICAN FOOD

Those New York gourmets who are always dining so charmingly have just had an "All-American dinner." It contained such local products as grapefruit from Florida and Texas, wine and almonds and ripe olives from California, cheese and soft-center peppermints from Pennsylvania, hot house radishes and leaf lettuce from Ohio, curried cabbage from Louisiana, blue point oysters from Long Island, corn muffins made of Iowa corn, prize roast beef from the Middle West, and so on and on.

Many an American not on the gourmet roster will grant that the menu was composed of "American" foods—including some items from Hawaii, Puerto Rico and the Philippines. Yet most of us would hardly call it an all-American dinner. It left out fried chicken, roast turkey, home made cucumber pickles, chocolate cake and apple pie.

A New York judge says this country needs a barkless dog. All right; such a breed, originating in Africa, was shown at a recent London dog show.

Contrary to an impression a lot of folks seem to have, the constitutional guarantee of free speech doesn't cover profanity.

WOMAN'S CLUB HOUSE ASSOCIATION PLANS MEMBERSHIP DRIVE

For the past half century Corsicana clubwomen have dreamed of some day having a club home all their own, and now through the generosity of Mrs. Allie Mae Autrey Kelley, of Houston, granddaughter of the late Mrs. H. E. Kinsey, the home of her grandmother is being offered as gift to the local women's clubs, the requirements being that \$3700 be raised by January 31, in order that the building may be remodeled, furnished and maintained properly for one year.

The local Women's Club House Association, with Mrs. W. K. Steele as the president, has a membership of 16 women's clubs of the city, each of which has pledged co-operation in the local movement.

Object of Association. According to the constitution and by-laws of "The Woman's Club House Association of Corsicana and Navarro County," the object of the association shall be to hold and maintain the "Kinsey Woman's Club House," a gift to the clubwomen of Navarro county, Texas, from Mrs. Allie Mae Autrey Kelley, in memory of her grandmother, the late Mrs. H. E. Kinsey; to advance and encourage fraternal intercourse among women's clubs, not having a propaganda, and to secure all benefits resulting from this organized effort.

Membership of Association. The membership of the association shall consist of five kinds: Organization, individual, honorary, life, and non-resident.

Individual and non-resident memberships will be ten dollars the first year, with five dollars of this amount as initiation fee, and five dollars as membership fee. Any woman contributing one hundred dollars shall be placed on the life membership roll, the roll to be called in the cornerstone of the club house.

The name of any man or woman contributing two hundred dollars shall be placed on the founders' roll, the roll to be hung in the club house.

A memorial roll will also be established and anyone wishing to memorialize a family name or some member of a family, will be given the privilege of doing so. Those who do not care to become members of the association, but desire to assist by making a cash donation, will also be given that privilege.

The funds accruing from the life, founders' and memorial memberships will be used as the nucleus of a permanent maintenance fund.

Memberships may be secured during the drive.

Memberships may be secured during the drive.

ELECTIONS RETURNS CONVASSED MONDAY BY COMMISSIONERS

WILLIAM D. ANDERSON NAMED JUSTICE OF PEACE OF PRECINCT NO. 7

Returns for the election held Tuesday, Dec. 28, when the sale of beer was prohibited were canvassed and declared at the meeting of the Navarro county commissioners' court Monday afternoon. The official returns showed there were 1552 votes for the prohibiting the sale of beer east and 1113 against the measure, giving the "dry" forces a margin of 439 votes. Results tabulated by the Corsicana Sun election night in connection with the county officials showed 1152 votes for beer and 1112 against, one vote difference as compared with the official returns.

William D. Anderson was appointed justice of the peace, precinct 7, Eureka, to fill the unexpired term of Garland Anderson, resigned. B. A. Watkins, appointed in November, failed to qualify for the post. Garland Anderson was re-elected, and pointed Monday but no action was taken on the application. William D. Anderson and Garland Anderson are not related, it was stated at the commissioners' court.

J. C. Jacobs, assistant criminal district attorney, discussed delinquent tax matters with the court briefly.

Bids for the installation of drinking fountains at the courthouse were opened Monday. Action on the bids was deferred until next Monday.

All field tax assessors will be called to meet with the court next Monday morning by Assessor and Collector T. A. Farmer to discuss with the court various phases of the work.

The appointment of deputies and their salaries are to be made next Monday, it was intimated.

L. L. Powell, county clerk, and T. A. Farmer, assessor and collector of taxes, have filed application for deputies and have asked for 10 per cent raises in salaries for the deputies. Farmer is asking, also, that the field deputies in the assessing department be paid 15 cents per \$100 valuation. Some are now getting 10, 12 and 15 cents per \$100 valuation.

E. Y. Cunningham, county auditor, advised the court that any raise in salaries would necessitate a re-vamping of the budget.

Discussion relative to the placement of the local association plan to raise the required \$3700 by staging a membership drive, beginning next Monday, January 10 and continuing throughout the week, or until the desired amount is raised. The organization's board of directors, consisting of representatives and presidents of the affiliated clubs, will participate in the drive for funds.

Local clubwomen who become individual members of the Club House Association at ten dollars each, will be allowed the privilege of using the club house and its facilities for entertaining during the year. This membership should appeal to many women who do not find it convenient to entertain in their own homes, and it is hoped that at least two hundred of these memberships may be secured during the drive.

Women Deserve Support. In discussing the local clubhouse movement with one of Corsicana's most prominent citizens recently, he brought out the fact that Corsicana women have never before asked for anything from the citizenship of Corsicana, but that they had been most generous in their co-operation with every worthwhile movement ever launched here. He also stated that he felt like the women would receive the full support of all who are culturally-minded and progressive in their views for the advancement of Corsicana and its womanhood.

Former Teacher In Navarro County Is Married at Denton

Announcement has been made here of the marriage of Miss Louise James to Floyd E. Jolly of Wichita Falls. The wedding took place at Denton Nov. 27. Mrs. Jolly was a teacher in the Millard school in 1935-36. Since then she has been teaching at Hsiot in Tarrant county.

Mrs. Jolly was the youngest graduate of Teachers' college, receiving her degree at the age of 17. Mr. Jolly is the son of Mr. and Mrs. J. W. Jolly of Bellville. He is a graduate of Bellville high school and of Denton Teachers college. While in teachers college he was a member of the library staff. He is now teaching at Wichita Falls where they will make their home.

Constable's Office. A negro was arrested on a drunkenness charge Tuesday morning by Constable Clarence Powell and later paid a fine. He stated that he resided near Angus and had come to Corsicana Monday afternoon and sold a calf for \$14. He met two other negroes, purchased whiskey and after drinking together, was robbed of \$11.50 and his knife and was thrown out of the car of his new friends on the highway east of Corsicana. He suffered bruises and lacerations about the head. The victim was glad, he related.

Ing of justices of the peace and constables' salaries was held but no action was taken.

GOVERNMENT WILL SEEK DISSOLUTION MANY INJUNCTIONS

WASHINGTON, Jan. 4.—(AP)—Attorney General Cummings said today that the government, in view of the supreme court's decision in the Alabama and Duke power cases, would seek immediate dissolution of nearly a half hundred temporary injunctions now blocking public power projects in 23 states.

Ending a three-year legal contest, the high tribunal upheld unanimously yesterday the validity of government grants and loans to municipally-owned plants.

Forty-nine cases, withheld pending settlement of the Alabama and Duke cases, were filed in the federal district court here. Eight were filed in federal courts elsewhere. The remaining four were filed in other than federal courts because the litigants raised questions involving state as well as federal laws.

The 12 cases filed outside the District of Columbia included power projects at Liberty, Texas, and Leonard, Texas.

Total cost of the 61 projects affected by the court's decision is estimated at \$148,917,808, for which the public works administration already has allotted \$31,225,544 in loans and \$38,412,408 in grants.

to the officer, that his assailants did not take his snuff.

John D. Holsby, negro, was charged with burglary Tuesday by Constable Powell in a complaint filed before Judge Foster in connection with the entering of the James H. High (colored) school Nov. 6, 1937.

One was fined on a vagrancy charge by Judge A. E. Foster Tuesday morning.

CLEO G. MILLER

Announces for Criminal District Attorney

TO THE CITIZENS OF NAVARRO COUNTY:

During the past few weeks, numerous persons have asked me whether or not I intended to seek another term in the office of Criminal District Attorney. I could not make known my candidacy, because I was not certain in my own mind whether or not my administration of this office for the past eight or nine months has met with the approval of the majority of the people of this County. Having come to the conclusion that our citizens are in favor of law enforcement and the administration of justice, it gives me pleasure to make known publicly, through the press, that it is my intention to seek one more term as Criminal District Attorney of Navarro County.

The duties that devolve upon the Criminal District Attorney are arduous and many. To properly administer the affairs of this office, one must be well prepared in the subject of Criminal law. The trial of cases requires that one must have practical experience, and this experience can be acquired only by hard knocks in the courtroom. The greater amount of the civil affairs of the County are handled through this office, and the incumbent, to properly discharge his duties, must have a general knowledge of the civil laws of Texas. I believe that my years of practice have equipped me with a sufficient knowledge of our Penal Laws to present criminal matters in our District Court on behalf of the State of Texas, and that my experience in the practice of law has and will enable me to advise the Commissioner's Court, and to attend the civil matters of Navarro County, in a capable manner.

It is not my desire to recount what I have done while serving in this office for the past eight and one-half months. I think that the record of my efforts is known to the public generally, and though some may believe that more could have been done in this period of time, I think that none can say that I did not attempt to discharge my duties fearlessly and honestly. Based upon that record, I ask my friends in Navarro County to give me one more term in this office. Navarro County is ready for the removal of the vices that have existed so long, and our people have again returned to that state of mind which encourages law enforcement. To those who may see fit to give me their support in the forthcoming election, I can sincerely promise that I shall exert every endeavor to discharge the duties of the office of Criminal District Attorney in a manner to which our good citizens are entitled.

I earnestly solicit your support and patronage. I ask you for an opportunity to continue the program I have begun. I pledge to you my honesty and my sincerity, and I trust that you will permit me to repay you for your support and patronage by the conscientious discharge of the duties of Criminal District Attorney and by a continuance of my policy for strict law enforcement.

Sincerely,

CLEO G. MILLER.

CHAMBER COMMERCE ANNUAL MEETING IS SCHEDULED FEB. 8TH

COL. JOSEPH W. EVANS, OF
HOUSTON, WILL BE THE
PRINCIPAL SPEAKER

Date for the annual meeting of the Corsicana Chamber of Commerce was announced at the regular meeting of the board of directors of the organization Tuesday morning and a number of committees named to arrange various details. A committee was also named to study several proposed changes in the laws of the corporation. Secretary R. W. Knight presented a number of communications to the board members at suggestion of President W. P. McCommon, including one from Texas Industrial Association when lists J. E. Rittersbacher as a director and proffered aid to the local unit. The secretary also reported a meeting between chamber of commerce and extension service officials late in January in an effort to promote a greater correlation between the two services. The secretary also reported a meeting between chamber of commerce and extension service officials late in January in an effort to promote a greater correlation between the two services.

The board approved support of an Oklahoma as a director of the United States Chamber of Commerce. A letter was read from Coach "Bunny" Oakes of the University of Colorado expressing appreciation for the invitation to train in Corsicana before the Cotton Bowl game.

Lowry Martin brought up the subject of a bus station again and after some discussion the committee headed by Mr. Martin was instructed to write a letter to the city commission, expressing the views of the board and desired Annual Meeting.

President McCommon announced the annual meeting would be held on February 8 with Col. Joseph W. Evans of Houston, as the principal speaker, and Walter Jenkins of Houston as entertainer and song leader. Several committees were named as follows:

Decorations: Robert Cason, chairman; H. A. Clowe, Mrs. Walter Castles, Tessie Dickson, Miss Mary Walker, and Mrs. Pearson. Program: N. Suttle Roberts, chairman; Lowry Martin, J. E. Rittersbacher, C. S. Dickens, J. H. Sullivan and J. N. Garitty.

Arrangements: Ralph R. Brown, chairman; S. J. Miles, Ed M. Polk, Jr., E. L. Sanders, Herbert Varley, James Carl.

The president also named F. H. Harvey, Jr., to the industrial committee, J. E. Rittersbacher to the East Texas Chamber of Commerce tax survey committee, and Ralph Brown and Beauford H. Jester to the highway committee.

Several proposed changes in the organization of the local chamber were suggested by Mr. Knight and after some discussion, the board directed that a special committee be named to go over the present constitution and by-laws with the secretary and then present recommendations on the proposals. The suggested changes include raising the number of directors from eighteen to twenty-one—at present fifteen are elect-

Budget Estimates Of President For Fiscal Year 1939

WASHINGTON, Jan. 5.—(AP)—Here is the President's budget in brief for the fiscal year of 1939:

Expenditures—\$6,869,000,000
Receipts—\$5,918,400,000
Net deficit—\$950,600,000
Debt total at end of year—\$38,528,000,000

For the 1938 fiscal year ending next June 30 he revised his figures to estimate:
Expenditures—\$7,408,600,000
Receipts—\$6,320,500,000
Net deficit—\$1,088,100,000
Debt total at end of year—\$37,603,000,000

ed for two year terms and three appointed each year; election of the directors for three year terms from a selected list by secret ballot so that no more than a third may be new men, although directors will be eligible to succeed themselves; elimination of the present system of departmentalization which gives the title of vice-president to directors heading various phases of the work, and election of a first and second vice-president. The secretary also urged against the establishment of any precedent against either naming officers for two terms as a matter of custom or enforcing their retirement after one term, or any other custom that might hinder operation of the organization.

A special committee composed of E. W. Ellis, C. C. Roberts, and C. L. Jester, all past presidents of the chamber of commerce, was named to study the proposals along with the secretary.

An auditing committee composed of E. W. Ellis, W. M. Davidson and E. J. Hall was named by the president for the books of the chamber.

President McCommon reported to the board that he had renewed the rental of a safe deposit box in a local bank which contained valuable papers and records of the chamber of commerce, and had given instructions that the box was only to be opened by the secretary in the presence of the president or two other designated officials of the organization at any time. He also stated that he had given instructions that none of the records of the chamber should be destroyed at any time unless such action was approved by a special committee named for that purpose.

J. M. Dyer, chairman of the Finance Committee reported considerable progress despite interruptions by the bad weather and the holidays. He announced that sufficient results had been secured to definitely stamp the project as a success and asked that the efforts be continued intensively until the entire needed amount of \$20,000 was secured. He said that he would be out of the city for about three weeks but outlined the work done and future plans.

Mr. Dyer was highly praised by the board for the work done and it was agreed to continue the campaign vigorously.

Adjustments Of 1937 Work Sheets Being Completed

Final adjustments of the 1937 work sheets are being made this week by the county committee of the agricultural conservation program. The start of this work was delayed until the final measurements were available so that the work would be accurate. The county committee is composed of George W. Boyd of Corsicana, John O. Harrison of Dawson and John Kyser of Kerens.

The compliance work is about completed and more than half of the forms have been forwarded to the state office at College Station, according to an announcement Wednesday by H. C. Robinson, county agent. When three-fourths of the forms have finished and sent in, applications for payments will be made. The time, however, when the checks will be available is indefinite. Delays have resulted, it was stated, and many farmers have waited until December to comply, which further delays the finishing of the work.

The same conditions exist in numerous counties of the state with the attendant rush to the state office at College Station during the last weeks of the year, and no one in authority will hazard a guess as to the time when the checks will be delivered, although the necessary work is going forward as rapidly as possible.

ASSISTANT SCHOOL SUPERINTENDENT IS DEAD AT AUSTIN

AUSTIN, Jan. 6.—(AP)—Dr. Jeremiah Rhodes, 77, first assistant state superintendent of education died here today.

The veteran educator was stricken last week and failed to recover from an operation performed Sunday, associates said. A native of Ohio, Dr. Rhodes for six years was superintendent of San Antonio schools and prior to that had taught in schools and colleges in Texas.

He is survived by a son, Jeremiah Rhodes, Jr., a law student in Harvard University, and his widow.

Tentative plans were for funeral services in San Antonio Saturday. He had been an assistant state superintendent since January 9, 1937.

Dr. Rhodes received his bachelor's degree from the University of Indiana, his master's degree from Harvard and his doctor's degree from Columbia University. Educators generally credited him with the success of the junior school system installed in San Antonio while he was head of the schools there.

Dr. Rhodes had served as superintendent of a normal school in Kansas, eight years at the head of the Pasadena, Calif., schools and one year in charge of the American school in Mexico City, Mexico.

Many regarded him as the outstanding educational philosopher of the south.

Emhouse Girls Won Close Game Tuesday Over Navarro Six

EMHOUSE, Jan. 5.—(Sp.)—Emhouse girls basketball team nosed out the Navarro High girls, 16-15, in a hotly-contested game on the local gymnasium court Tuesday evening. Champion of Emhouse paced the scorers with nine points.

PROBE INDICATES THERE IS RACKET IN LAND VACANCIES

STATE BOARD TO SUPERVISE LEASING OF PUBLIC LANDS PROPOSED

AUSTIN, Jan. 6.—(AP)—Governor James V. Allred made public today a letter from H. L. Mills of Houston stating investigations by the Texas State Teachers Association indicated a racket in land vacancy matters and advocating a state board to supervise leasing of public lands.

Hint of a special session of the legislature to consider revision of land laws was contained in the correspondence between Mills, who is chairman of the permanent school land committee of the association, a member of the state teachers retirement board and business manager of the Houston Independent school district, and the governor.

Expressing concern over some school land transactions, Mills said it was evident the public school fund was loser of \$1,200,000 at the present time, that is money that could have been in the fund if leases had been made on the basis of the highest cash offer with a one-eighth royalty retained.

He said many leases had been awarded to the low cash bidder with provision for additional royalties after production of a certain amount of oil.

"Our investigations have led us to believe there has been more or less of a racket sometimes in the question of vacancies," he wrote. "We are finding a sentiment growing in the country which we fear is going to react against all land laws."

He voiced the opinion vacancy suits were sometimes filed willfully to create sentiment against all school land laws, adding if a land board were created, given a fund of \$25,000 and allowed to employ its own engineers and surveyors, making "an honest effort to locate vacancies," the situation would be different.

"Indeed this is a serious situation, and many of us are disturbed about it as I know you must be."

Mills also said nothing could be done "unless there was a special session of the legislature."

In his reply, Governor Allred said he was deeply disturbed and was giving the matter careful study.

Cotton Biscuits May Be Diet of Not Distant Future

MEMPHIS, Tenn., Jan. 4.—(AP)—Some day you may be eating biscuits made of cotton!

Charles E. Weiss, chemical engineer told the Engineers' Club he already had tried them and "they didn't taste bad at all."

Weiss said he made the biscuits of a mixture of wheat and cotton flour, finding other cotton uses for the future, the chemical engineer declared.

"Cotton is an almost perfect insulation and if successfully fireproofed and water proofed, it's not impossible that much of it will be used to replace asbestos."

He also foresaw as possible the manufacture of sugar from cotton.

County Agriculture Association Meets Saturday, Jan. 8

The Agriculture Association will meet Saturday afternoon at 2 o'clock in county court room. It is time to elect new officers. The program booklets are ready to hand out. Be there to get yours. Make this a good year for farmers by organizing and then working.—Reporter.

RICE

(Continued From Page One) was forced to leave the border-line state because of his convictions during the Civil War and for several years resided in Mississippi. Following the close of the War, the family resided in Mobile and Franklin, Alabama, and at Memphis, Tenn.

In 1877, Mr. Rice came to Texas to visit his brother and worked in the San Antonio post-office and secretary of a gas company until 1879 when he returned to Tennessee on the death of his father. Two years later the family moved to Corsicana.

His first job after arriving in Corsicana was as chairman on an engineering crew for the Cotton Belt Railway, then a narrow gauge affair; he later worked for the firm of Berry and Frost in preparing abstracts, and also tried his hand as a printer and paperhanger, until he started keeping books for the wholesale grocery firm headed by the late S. A. Pace. Mr. Rice later was traveling salesman for the S. A. Pace Grocery Company and others.

In Newspaper Business. Mr. Rice was connected with the Pierce-Fryce Oil Association as a credit manager and as a travelling auditor. He also was interested in the printing business in Corsicana. In the 1880's he operated the Corsicana Daily Sun for almost a year when it was a morning newspaper and owned by Ben McKie, a brother of the late W. J. McKie.

Mr. Rice and his wife, nee Miss Nanette Lowe, celebrated their fiftieth wedding anniversary last August 24.

Pallbearers will be J. S. Murphree, R. R. Holloway, Garland Rhoads, Harry Blending, Arthur Caldwell and L. F. Flynn. Honorary pallbearers will be friends of the family.

Sutherland-McCommon Funeral Home is directing arrangements.

LABOR BOARD

(Continued From Page One) were "unjustified by the facts and unsupported by the evidence," and that the board exceeded both its constitutional and statutory authority in ordering the company to desist from certain activities connected with labor policy.

The NLRB announced in Washington it would go before the court of appeals for an order to enforce its decision.

Opposition Waning. WASHINGTON, Jan. 6.—(AP)—The national labor relations board said today in its second annual report "an increasing number of employers have come to realize it is best to accept board rulings without opposition. As resistance decreases and its work is speeded up," the report added, "the board expects that formal proceedings, now necessary in many cases, will be replaced by informal and rapid adjustment of complaints."

The board said it had disposed of 1,429 cases in the fiscal year ended June 30, 1937, in 446 of which strikes were in progress.

ROBBERS

(Continued From Page One) pany's Guthrie Branch, which was making the shipment, said the money was fully insured.

Nashville Man Killed. NASHVILLE, Tenn., Jan. 4.—(AP)—A Nashville man, Rudy Evans, 36, was shot to death by one of three bandits in a combination store and filling station

18 miles north of here last night five hours after three men had killed a postoffice messenger and escaped with \$25,000 at Guthrie, Ky.

Evans was visiting his father, William Evans, proprietor of the establishment. Investigators said there was evidence the trio had not intended to rob Evans' place.

Officers said they believed the fatal shot was fired when the gunman feared he had been recognized and believed the younger Evans was reaching for a gun.

Obviously, the officers said, the men stopped at the store to purchase tobacco.

SUPER TRACTION
Firestone
GROUND GRIP TIRES
FOR CARS • TRUCKS AND BUSES**

THE new Super-Traction Firestone Ground Grip Tire with extra deep tread and extra wide bars of wear-resisting rubber gives the greatest traction ever known for cars, trucks and buses operating on muddy, snowy and unimproved roads.

DEEPER BITE FOR GREATER TRACTION. The tread is flatter with higher shoulders and bigger, broader bars of rubber. Wider, deeper, tapered spaces between the lugs assure positive self-cleaning action and continuous traction.

GREATER ROADABILITY. Tread is designed to fit the road, providing materially longer life.

LONGER WEAR, GREATER ECONOMY. The tread is made of special, extra-tough, wear-resisting rubber which assures longer

When roads are covered with snow farmers need the extra traction of the new Firestone Ground Grip Tires

Farm trucks equipped with the new Super-Traction Firestone Ground Grip Tires are able to "make their own roads"

MORE FARM TRACTORS ARE EQUIPPED WITH FIRESTONE GROUND GRIP TIRES THAN ALL OTHER MAKES OF TIRES COMBINED

WOLENS AND GIRARD DEFEATED OIL CITY AND DR. PEPPERS

Standing of Triangle Basketball League.

	P	W	L	Pct
K. Wolens	6	5	1	.830
Girard	5	4	1	.800
Oil City	2	2	5	.286
Dr. Pepper	2	2	4	.333
CHS Reserves	5	0	5	.000

Playing two fast and exciting games last night on the Y court, the Wolens five and the Girard quintet emerged victorious by narrow margins, the first game being 36-31 and the final battle, 34-26.

The defeat of the Oil City by the Girard was the first administered by the Iron Workers during the league season.

Roberts, playing for the Wolens five, topped high scoring honors for the evening when he scored for eight field goals totaling 16 points. Allmon, guard for the Oil City registered five field goals and three free throws for 13 points.

The Wolens team overcame the Oil City five registered 10 charity pitches without a single miss during the evening's play.

The Dr. Peppers, always a menace to the opponents, held the Wolens team on even terms during the first half with 16 points each. It was during the later part of the game that the lead was lost to the eventual winners by the close margin of three points.

In the final attraction of the evening the Oil City was trailing 9-4 at half time. The second half was a repetition of the first period when another five points was gained by the Oilers, 20-15.

Friday night will find the Oil City and the Wolens team locking horns in the first game and the Girard Oilers battling the cellar team, CHS Reserves, in the last game of the evening.

Richland PTA Met In School Building Tuesday Afternoon

The Richland P. T. A. met in the school building Tuesday afternoon, Jan. 4, at 4 o'clock in its regular business session. The meeting was called to order by the president, Mrs. N. J. Middlebrook. Each committee chairman gave a favorable report of his work and its advancement. Miscellaneous topics were introduced and discussed.

The P. T. A. voted to sponsor a forty-two party in keeping with the president's birthday parties on Saturday evening, Jan. 29, in the high school building. Mrs. N. J. Middlebrook and Mrs. O. K. Vinson will have charge of the tickets, which are to be sold at 25c each. The proceeds are to be used in the national fund for the benefit of crippled children. Refreshments will be served, and there will be separate rooms for young couples and adult couples. Reporter.

ANNUAL Y. M. C. A BOYS-GIRLS CAGE MEET DATES SET

ELEVENTH ANNUAL BOYS AND FIFTH ANNUAL GIRLS EVENTS BE JOINT AFFAIR

The eleventh annual Y. M. C. A. boys' and the fifth annual Y. M. C. A. girls' invitation basketball tournaments will be run simultaneously as a composite event this year, Wednesday, Friday, Saturday and Wednesday, Jan. 19, 21, 22 and 26. It was announced today by C. F. Broughton, physical director, in charge of the events. Arrangements are being made for two 16 team brackets, which will terminate line for two night games and two championship games Wednesday night, Jan. 26.

Notices are being placed in the mail today to county teams and some in adjoining counties for participation in the tournaments, and advance indications are each event will operate with a complete bracket.

Trophies for the winning school teams will be awarded as usual with individual awards going to the players. An all-tournament team of girls and one of boys will be selected. Broughton said, and will be matched against some strong team of this section, to be played before the county boys' championship game.

Pairings for the teams will be drawn Monday before the tournaments open Wednesday, and deadlines for entries will be at noon Monday, the day of the drawing. Broughton stated.

Navarro Five Won Over Emhouse On Tuesday Evening

EMHOUSE, Jan. 6.—(P)—Navarro High School boys defeated the Emhouse Pirates here Tuesday night, 26-24, in a close scoring contest. J. D. Harrell, Emhouse forward, led the scoring with 10 points.

Beauty Diary

of Edna Kent Forbes
THE FULL ABDOMEN

Another help for those with the protruding abdomen. Miss Forbes gives a simple exercise that any one may do easily each day.

Recently, I had an article that gave a simple exercise for reducing the enlarged abdomen, which is all that any one needs to know to get rid of the extra pouch that is ruinous to the figure of either sex. If any one does what the article said, it will lift all the abdominal organs into their normal position while it also builds up all the muscular tissue of the entire abdomen. It was done, while the person was lying on the floor, with the pillow under the lower part of the back. If the readers of the "Diary" have been practicing the exercise that was given, they already know something of the returning vigor in the stretched and flabby abdominal wall.

E. K. Forbes

To supplement the information given in that article, I am suggesting today another exercise, a bit harder work to do, as more effort must be expended on it than with the previous one. This one may be used at times, with the other one, or either one separately, as any one may get rid of the flabby, and filled out abdomen who will do the exercises at least once a day.

With this exercise, weight must be laid over the abdomen right below the belt line, and the effort is to lift and lower the weight, using the abdominal muscles to do the lifting. Lie on the floor this time as formerly, but without the pillow. Five pounds of sand in a bag is good for a beginning, then gradually increase the amount up to 15 pounds as the muscles grow firmer and therefore stronger.

build up all over, as flabbiness of the muscles all over your body show this. Hollow cheeks, too, are an indication of a somewhat run-down state of health. Do whatever you can through altering your habits a bit; for instance, manage to get another hour of sleep than you get now overnight, and have the windows wide open to flood the room with pure air. Get out in the air some every day, exercise as much as possible but not to the point of fatigue, and drink at least one quart of milk every day, making the last portion about a pint, taken almost hot, just as you are about to retire for the night. The minute before you lie down to sleep, you would be best, as it will soothe your nerves, put you to sleep, and you will get the full nourishment from it as it digests under such quieting circumstances. Your cheeks should fill out and all the muscles will grow firm after a few months of this extra attention to your health.

If you have any beauty problems you cannot solve, write for Edna Kent Forbes three NEW beauty booklets: (1) "Fifteen Minutes a Day for Beauty," (2) "The Finer Points of Beauty," (3) "Eating and Bathing for Beauty." Send ten cents in stamps for EACH booklet, to pay for printing and handling and enclose a stamped, self-addressed envelope (s.a.s.e.). Address: Edna Kent Forbes, c/o this paper.
